Text

Hopper is a functional solution for the classic concept of the picnic table. Thanks to its four access zones there is no longer any reason to climb over benches or to disturb table companions. The silhouette, with its concealed legs and sloping table edges is inspired by the hop fields that you find in the “Westhoek” area of Belgium. If you turn around, you can use the table as a comfortable back support. Hopper AA (All Aluminium) is a monomaterial picnic table with a sleek visual aesthetic. It's made entirely from aluminium and available in 5 standard colors. This modern picnic table with bench is available in three sizes and provides seating for at least six, eight, ten, ... persons. Combined with the Hopper Shade, you have the perfect outdoor set!

- Consists of one element with 2 benches
- Characteristic curved legs that serve as 4 access zones
- Made entirely from structured powder-coated aluminium
- 3 different lengths 240, 300 and 360 cm (6 to 10 persons)
- Standard colors: Black RAL9005, Off white RAL9002, Verdigris, Reed green RAL6013, Earth, Beach beige RAL1019 & Copper brown RAL8004 (custom colors possible on request)
- Low maintenance
- Suitable for indoors and outdoors
- Optional sun protection: Hopper shade and Sensu
- Optional floor fastening
- Optional back supports
- Optional felt protective feet (for indoor use)
- Optional cushions in Sunbrella Natté Grey Chiné, Natté Dark Taupe, Lopi Marble, Lopi Charcoal, Heritage Leaf Green, Lopi Biscuit and Heritage Rust.
- Packaging serves as assembly table

Construction

Tabletop, benches & legs

- Structured powder coated aluminium
- 240 cm: max. 5 persons or 400 kg per bench
- 300 cm: max. 6 persons or 480 kg per bench
- 360 cm: max. 7 persons or 560 kg per bench

Connection pieces: structured powder coated electro galvanized steel

Optional back supports: structured powder coated aluminium

Optional cushions: Sunbrella acrylic

Optional set of 4 floor fastenings: stainless steel

Optional set of 4 felt protective covers for indoor use: anthracite grey felt

Materials info

Aluminium (tabletop, benches, legs & backrests):

- Eco-design: 10 table legs fit exactly in a standard sheet of metal, no material waste

- Texture coating is sprayed dry on an object that is electrostatically charged
- More scratch-resistant than non-textured powder-coatings
- Longlasting
- Low maintenance
- Thickness 10 mm
- Layer thickness 50-100 micron
- Density: $2.70 \cdot 10^3 \text{kg/m}^3$
- Outdoor and indoor
- Very good UV fastness (color can fade to some extent when exposed to UV)
- Flame retarding (NEN-EN13501-1 A2-s1)

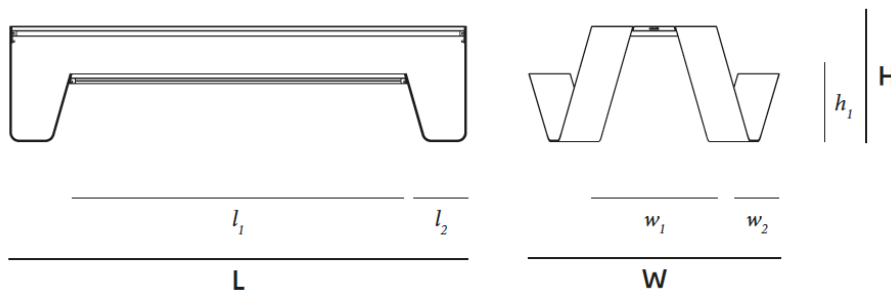

Structured powder coated electro galvanized steel (connection pieces):

- Electro galvanized (for extra protection against rust), then powder-coated
- More scratch-resistant than non-textured powder-coatings
- Thickness 3 mm
- Layer thickness 50-100 micron
- Density: $7.5 \cdot 10^3 \text{kg/m}^3$
- Outdoor and indoor
- Very good UV-resistance (the white hue can change to some extent when exposed to UV)
- Flame retarding (NEN-eN13501-1 A1)

Sunbrella cushions (benches):

- 100% Sunbrella Acrylic (dyed in the mass)
- Best outdoor material for the manufacture of cushions
- Dirt-repellent
- Machine washable up to a max. 30°C, not in the dryer, may be cleaned with bleach
- Thickness: 0.50 mm
- Density: 260g/m^2
- Outdoors and indoors
- The material has a water column of 350 mm (EN 20811)
- Very good UV-fastness (7/8 (ISO105-B02))

Dimensions

Dimensions (mm)	L	W	H	l ₁	l ₂	w ₁	w ₂	h ₁
Hopper AA 240	2380	1628	740	1595	382	832	278	440
Hopper AA 300	2980	1628	740	2195	382	832	278	440
Hopper AA 360	3580	1628	740	2795	382	832	278	440

Weight and transport volume

- Hopper AA 240 cm: 122,40 kg and 0,90 m³
- Hopper AA 300 cm: 127,40 kg and 1,05 m³
- Hopper AA 360 cm: 146,40 kg and 1,19 m³

Standards

- Flame retarding: NEN-EN13501-1 A (structured powder coated electro galvanized steel)
- UV resistance: ISO 105-B02 (Sunbrella)
- EN 20811 (Sunbrella)

Guarantee

The entire Extremis collection has a 2-year guarantee, based on the provisions in our general guarantee terms & conditions.

Maintenance

Powder coated aluminium:

Regular cleaning with lukewarm water and mild cleaning product. Use a soft brush to remove any caked-on dirt. Do NOT use abrasive cleaning products!

More info: <https://www.extremis.com/maintenance>

Applications

- Indoor
- Outdoor
- Residential
- Businesses
- Hospitality
- Educational institutions
- Healthcare
- Public spaces

Assembly

Integrated packaging design reduces assembly time and the packaging for the legs can serve as an assembly table. For more info please see manual:
